Description of the accident (claimant's words)

I was driving slowly through an intersection in Katy, Texas, when the other vehicle came straight at me head-on. We were both moving at low speed, but the impact was enough to jolt my body forward and back. Since the collision, I have had a setady ache in my lower back that gets worse when I sit for long periods or lift aynthing heavy. I went to get checked out and have been following the treatment plan I was given. Each time I have described what happened to the adjuster, the officer at the scene, and my doctor, I have given the same account, with the same sequence of events. I am the named driver on the policy, and I have kept copies of every document and message related to this claim. I am happy to provide any further information that would help process it.
