Claim Notes

Claim number:	C-1231
Claimant:	Tracey Miller
Adjuster:	Valerie Rodriguez

2023-11-26
First notice of loss received from the claimant regarding a sideswipe that occurred while changing lanes. The claimant reports a shoulder injury and is not represented by an attorney.

2023-12-17
Confirmed the driver is named on the policy and that coverage was in force at the time of loss. Nothing in the file suggests the vehicle damage predates the policy start.

2024-01-04
Reviewed the police report, which places the claimant in the vehicle at the scene. Both the police and the reporting parties confirm this detail.

2024-01-29
Photos taken at the scene confirm some key details of the collision. No independent witnesses have come forward, so the photos are the main independent record of the event.

2024-03-05
Inspected the vehicle damage, which is consistent with the impact described by the claimant. No earlier damage to the vehicle is known from prior claims or inspection notes.

2024-03-08
Spoke with the claimant again today. The account of the lane change and impact matches what was given in the first notice and in each prior conversation.

2024-03-17
Reviewed the medical file. The reported shoulder injury fits the kind and force of this crash. Treatment followed a typical course and tapered off as the claimant improved. Records note a minor strain in the same area several years ago that healed fully.

2024-03-28
Based on the damage, the medical course, and the consistent statements, the claim is progressing normally. Next step is to finalize the injury evaluation and issue the settlement offer.

Recorded Statement

Claim number:	C-1231
Statement of:	Tracey Miller
Taken by:	Valerie Rodriguez
Date:	2023-11-14

Q: Thank you for taking the time to speak with me today. This recorded statement concerns the sideswipe collision you reported in Pearland, Texas. Please state your full name for the record.

A: I'd rather just give my first name for now, if that's all right.

Q: That's fine. Can you tell me, in your own words, what happened?

A: I was moving over into the left lane to get around a slow truck. I checked my mirror and didn't see anything, but when I was aobut halfway over, a car came up alongside me and clipped the side of my vehicle. It pushed me toward the median before I could correct.

Q: Were you signaling before you changed lanes?

A: Yes, I had my turn signal on for a few seconds before I moved.

Q: Did you see the other vehicle's signal or lights at any point?

A: No. It seeemd to come out of my blind spot quickly. I don't think it had its headlights on, but it was getting dark, so I'm not certain.

Q: Did you stop after the contact?

A: I pulled onto the shoulder and stayed in the car for a minute. The other driver stopped a little ahead of me, and we exchanged information.

Q: Were you injured?

A: My right shoulder hurt right away. I felt a sharp pain when I grabbed the wheel to steady the car. I went to urgent care later that evening and they told me to follow up with my doctor.

Q: Have you had any prior injuries to that shoulder?

A: No, not that I can recall.

Q: Thank you. Is there anything else you'd like to add?

A: Just that I'm willing to provide any records you need.
