Description of the accident (claimant's words)

I was changing lanes on a busy road in Pearland, Texas, when a vehicle in the lane beside me moved over and clipped the side of my car. I felt the jolt through the steering wheel and pulled onto the shoulder as soon as I could. I have described what happened the same way every time I have spoken about it, whether to the officer at the scene, to the other driver, or to the adjuster on the phone. I am the named driver on this policy and I was the person operating the vehicle at the time. Since the collision I have had constant pain in my right shoulder, and my doctor has recommended physical therapy and a follow-up scan. I am filing this claim so the repair costs and medical care can be covered.
