Description of the accident (claimant's words)

I was making a left turn in Baytown, Texas, when another vehicle struck the side of my car. The impact pushed my vehicle sideways and I felt a sharp pain across my lower back almost immediately. I stopped at the scene, spoke with the other driver, and later with the responding officer and my insurer, and each time I gave the same description of how the collision happened. I am the person listed on this policy, and I was driving the car with the permission it requires. Since the accident I have been seeing a doctor for a back strain, with stiffness and pain that limit how long I can sit or lift. I am submitting this statement so the claim can be reviewed, and I am willing to provide any further records that would help.
