Description of the accident (claimant's words)

I was making a left turn in League City, Texas, when another vehicle struck the side of my car. I had stopped at the intersection and was waiting for a gap in oncoming traffic before I started to move. The impact threw me aganist the steering wheel and the door, and I felt immediate pain in my left wrist. I have given the same description of what happened every time I have spoken with anyone about the collision, and I have nothing to add or change. I am the named driver on this policy, and I am submitting this claim for the injury to my wrist, which was diagnosed as a fracture, along with the damage to my vehicle.
