Claim Notes

Claim number:	C-1234
Claimant:	Jennifer Johnson
Adjuster:	Alison Sweeney

2 Feb 2025
The claimant reported a low-speed head-on collision and a neck strain, and the file was opened for review. The claimant is not represented by an attorney, so all contact has been made directly with the claimant.

10 Mar 2025
The driver named on the policy was confirmed as the operator of the insured vehicle at the time of the incident. Police records and witness statements place the claimant inside the vehicle when it was struck.

21 Mar 2025
Photographs supplied by the claimant show damage that corresponds to the decsribed impact. No independent witnesses have come forward, so the photos are the main source of visual detail for this loss.

29 May 2025
Records show no prior damage to the vehicle and nothing suggests the damage predates the start of coverage. The reported injury pattern also fits the kind and force of a crash at this speed.

26 Jun 2025
The claimant gave the same account of the collision in each conversation, with no changes in sequence or detail. No earlier injury to the neck or upper back has come to light in the medical history review.

22 Jul 2025
Treatment follwoed a usual course, with care tapering off as the claimant improved. The treating records are consistent with the reported symptoms and recovery timeline.

29 Aug 2025
Based on the information reviewed to date, the claim is ready for a settlement evaluation. The file will be closed once the final medical bill and repair invoice are received.

Recorded Statement

Claim number:	C-1234
Statement of:	Jennifer Johnson
Taken by:	Alison Sweeney
Date:	13 Jan 2025

Q: Thanks for taking the time to speak with me today. This recorded statement is about the collision you reported in Houston. Do you understand that this call is being recorded?

A: Yes, I understand.

Q: Please tell me in your own words what happened.

A: I was driving down the main road in the right lane. The other car came over into my lane while trying to pass a slower vehicle. I tapped the brakes and steered right, but we still met nose to nose. It wasn't a hard hit, but it was enough to jolt me.

Q: How fast were you going when the vehicles made contact?

A: I'd say maybe fifteen or twenty miles an hour. Traffic was moving slowly that afternoon.

Q: Were you wearing your seatbelt?

A: Yes, I was. The airbags didn't deploy, but the belt caught me hard.

Q: Did you get checked out by anyone after the collision?

A: I drove myself to an urgent care clinic later that evening. My neck was sore and stiff, and I had a headache that got worse overnight.

Q: Can you describe the neck symptoms you are experiencing now?

A: It's tight across the back and sides, and turning my head to the left hurts. Sitting at a desk for long stretches makes it worse. The doctor said it looks like a neck strain and gave me exercises and some medication.

Q: Have you had any neck problems or injuries before this collision?

A: Nothing serious. I had some stiffness now and then from sleeping wrong, but nothing that kept me from working.

Q: Is there anything else you would like to add to your statement?

A: No, I think that covers it. I'm still going to physical therapy twice a week, and I'll send you the records when I get them.

Q: Thank you. This concludes the statement.
