Reported injury:	neck strain

Description of the accident (claimant's words)

I was driving slowly through an intersection in Houston, Texas, when the car in front of me stopped suddenly and I was unable to avoid a head-on collision with the vehicle coming toward me. The impact was low speed, but my head snapped forward and back, and I felt immediate tightness and pain in my neck. I have given the same account of what happened every time I have described it, to the other driver, to the responding officer, and to the adjuster, and I have no changes to add. I am the named driver on this policy and I was operating my own insured vehicle at the time. I sought medical attention afterawrd and was diagnosed with a neck strain, for which I am still receiving treatment. I am submitting this statement so the claim can be processed and I can recover the costs of my care.
