Claim Notes

Claim number:	C-1235
Claimant:	Danielle Hahn
Adjuster:	Jerry Hanson

4-18-23
First notice of loss received for a low-speed head-on collision involving the insured vehicle. The claimant reports a knee injury from the impact and is not represented by an attorney at this stage.

7-14-23
Reviewed the photos submitted with the claim. They confirm several details of the reported damage, though there are no independent witnesses to the collision itself. The vehicle damage is consistent with the described impact.

8-26-23
Confirmed with the police report and statements from the scene that the claimant was in the vehicle at the time of the crash. The driver is named on the policy, and nothing in the file suggests the damage predates coverage.

8-30-23
Spoke with the claimant again. The account of how the collision happened matched what was given in the first contact. A few old scratches on the vehicle may predate this crash and are being noted separately from the current damage.

11-4-23
Medical records show treatment for the knee followed a usual course and tapered off as the patient improved. The reported injury fits the kind and force of a crash of this type. No earlier injury to the same body area is known.

11-25-23
File reviewed. The injury, vehicle damage, and claimant account are consistent with one another, and the claim is ready for the next level of review.

Recorded Statement

Claim number:	C-1235
Statement of:	Danielle Hahn
Taken by:	Jerry Hanson
Date:	4-18-23

Q: Thnaks for taking the time to speak with me today. This recorded statement is about the collision you were involved in on a street in Katy, Texas. Can you state your full name for the record?

A: Yes, I'm the driver of the blue sedan that was involved in the accident. I'd rather keep my name off the record if that's okay, but I'm happy to answer everything else.

Q: That's fine, we'll note you as the driver of the vehicle. Can you walk me through what happened?

A: I was heading down the two-lane road in the evening, going maybe fifteen or twenty miles an hour because it was a residential stretch and there was a lot of traffic coming out of a shopping area. The other car crossed into my lane. It wasn't a hard impact, but we did hit nose to nose.

Q: Did you have time to brake or swerve before the impact?

A: I hit the brakes and tried to pull to the right, but there wasn't much room. It happened very quickly.

Q: Were you wearing your seatbelt, and did the airbags deploy?

A: Yes, I was belted. The airbags did not come out. The steering wheel and dashboard were jolted, and my right knee hit the lower part of the dash.

Q: Have you sought medical treatment since the collision?

A: Yes, I went to urgent care that same night and was told to see an orthopedic doctor. My knee is swollen and it hurts when I bend it or try to put weight on it. I've been using a brace and I'm doing physical therapy twice a week now.

Q: Is there anything else you'd like to add about the acicdent or your injuries?

A: Only that I'm still having trouble with stairs and driving for long stretches. I'd appreciate it if you could keep me updated on the claim.

Q: Thank you. This concludes the recorded statement.
