Claim Notes

Claim number:	C-1236
Claimant:	Richard Smith
Adjuster:	Darin Tyler

March 26, 2024
Claim received for a sideswipe that occurred while the insured was changing lanes. The claimant is represented by counsel, and all further contact will go through the attorney's office.

March 28, 2024
Reviewed the policy record. The driver involved is named on the policy, and coverage was in force at the time of loss.

April 6, 2024
Police report obtained. It confirms the claimant was in the vehicle at the scene, and the responding officer's description of the lane change matches the insured's account.

April 24, 2024
Photos from the scene and the shop show damage that lines up with the described impact. Some details are visible in the images, but no independent witnesses have come forward.

May 6, 2024
Spoke with the claimant's attorney, who outlined neck and back strain as the injuries. The reported injury is plausible for a collision of this type.

May 11, 2024
Checked prior claims and medical history available to us. No earlier injury to the same body area is known, and no earlier damage to the vehicle is on record.

June 24, 2024
Claimant's account was given again during a follow-up call and matched the earlier statements in every key point.

July 20, 2024
Nothing in the file suggests the damage predates the start of coverage. Vehicle inspection notes are consistent with a recent loss.

August 4, 2024
Treatment records received. The care followed a usual course for this type of strain, with physical therapy and medication.

August 18, 2024
Updated treatment notes show the claimant improving steadily, and the visits have tapered as symptoms eased.

September 15, 2024
File is progressing normally. Remaining items are the final treatment bill and the attorney's settlement demand, and no coverage questions are open.

Recorded Statement

Claim number:	C-1236
Statement of:	Richard Smith

Date:	March 3, 2024

Q: Good afternoon. This is a recorded statement regarding the sideswipe collision you reported. Do you understand that this call is being recorded?

A: Yes, I understand.

Q: Please state where you were when the collision happened.

A: I was driving in League City, Texas, on the main road heading toward the freeway. I was trying to move into the right lane because I needed to make an exit.

Q: Walk me through what happened as you were changing lanes.

A: I checked my mirror and saw the lane looked clear, so I signaled and started to move over. Then I felt a bump on my passenger side and heard scraping. The other car had been in my blind spot, and I didn't see it until we made contact.

Q: Did you come to a stop after the impact?

A: Yes, I pulled onto the shoulder. I stayed in the car for a minute because my neck and lower back already felt stiff.

Q: Were you taken to a medical facility?

A: I went to an urgent care clinic later that day. They told me I had neck and back strain and gave me some medication and instructions to rest.

Q: Are you still experiencing symptoms?

A: Yes, my neck is sore when I turn my head, and my lower back aches after sitting for long periods. I'm going to a physical therapy appointment next week.

Q: Is there anything you would like to add or correct in your statement?

A: No, I think that covers it. I'm willing to provide any records you need.

Q: Thank you. This concludes the recorded statement.

A: Thank you.
