Claim Notes

Claim number:	C-1240
Claimant:	Tonya Trujillo
Adjuster:	Valerie Rodriguez

2023-06-03
Claim opened after the claimant reported a low-speed head-on collision at a residential intersection. The claimant is not represented by an attorney and gave a verbal account by phone.

2023-07-25
Reviewed the police report and the photos taken at the scene. The report confirms the claimant was seated in the vehicle at the time of the collision, and the other driver's statement matches the claimant's description of how the impact occurred.

2023-08-07
Spoke with two independent witnesses who saw the collision. Both describe the same sequence of events, and neither reported any unusual behavior by either driver.

2023-09-15
Inspected the vehicle. The front-end damage is consistent with the impact decsribed and with the photos taken at the scene. No prior damage to the vehicle is recorded in the file.

2023-09-27
The claimant reported shoulder pain and was evaluated at an urgent care facility. The reported injury is plausible for a collision of this type, and no prior injury to the same area is known from the claimant's history or medical records obtained so far.

2023-09-28
Treatment followed a typical course, with physical therapy and medication. The claimant's notes show steady improvement, and the frequency of visits has tapered as the claimant's ragne of motion has returned.

2023-10-28
A neighbor contacted the office and said the vehicle looked damaged a few weeks before the reported collision. The neighbor's recollection is unverified and has not been matched to any record, so I am following up with the claimant and the repair shop for prior service history.

2023-11-20
The claimant has given the same account of the collision in every conversation so far. The driver is named on the policy, and the claim remains open pending receipt of the remaining repair and treatment records.

Recorded Statement

Claim number:	C-1240
Statement of:	Tonya Trujillo
Taken by:	Valerie Rodriguez
Date:	2023-05-23

Q: Thank you for taking the time to give this recorded statement. Please state your full name for the record.

A: I'd rather just be identified as the claimant on this one, if that's okay.

Q: That's acceptable. Can you describe where you were when the collision occurred?

A: I was driving in Katy, Texas, on a two-lane road heading toward the shopping center. It was a weekday afternoon and traffic was moving slowly.

Q: What happened right before the impact?

A: The vehicle in front of me on the other side stopped suddenly. Then the other car drifted into my lane. I braked, but we still ended up making contact nose to nose. It wasn't a hard hit, more like a jolt.

Q: What speed do you estimate you were traveling?

A: Maybe fifteen or twenty miles an hour. I was barely moving.

Q: Did either airbag deploy?

A: No, nothing deployed. Both cars drove away from the scene under their own power, though the other driver's bumper was hanging down a bit.

Q: Tell me about your injuries.

A: My right shoulder started hurting almost immediately. I felt a sharp pain when I turned the wheel, and by the next morning it was stiff and I couldn't lift my arm above my head comfortably.

Q: Have you seen a doctor?

A: Yes, I went to ugrent care that evening and I've scheduled a follow-up with my regular physician. They mentioned possible strain and I may need physical therapy.

Q: Did you have any shoulder problems before this collision?

A: I had some minor soreness from lifting boxes at work a while back, but nothing that kept me from my normal activities.

Q: Is there anything else you'd like to add?

A: Only that I want to make sure my medical bills and time off work are considered. I'm still getting evaluated.

Q: Thank you. This concludes the statement.
