Claim Notes

Claim number:	C-1242
Claimant:	John Hernandez
Adjuster:	Chelsea Hebert

09/20/2024
First notice of loss received for a side impact at an intersection involving the insured's vehicle and a second vehicle. The claimant reports neck strain and is represented by counsel, so all further contact will be routed through the attorney's office.

09/23/2024
Confirmed the driver is named on the policy and that coverage was in force on the date of loss. No issues with the policy have been identified.

10/03/2024
Obtained the police report, which places the claimant in the vehicle at the time of the collision. Independent confirmation of occupancy has been received.

11/08/2024
Reviewed the photographs submitted with the claim. They confirm several details of the impact, though no independent witnesses have come forward to describe the collision itself.

11/09/2024
Spoke with the claimant, who described the crash consistently with the account given at first notice. The same account was repeated in every conversation so far.

12/04/2024
Inspected the vehicle damage. The damage is mostly consistent with the described impact pattern and the point of contact on the side of the vehicle.

01/26/2025
Searched prior claim records and inspected the vehicle for signs of earlier repairs. No earlier damage to the vehicle is known, and nothing suggests the damage predates the policy start.

01/30/2025
Received the medical summary from the treating provider. The reported neck strain is a plausible injury for a collision of this type.

01/31/2025
Reviewed the claimant's medical history as disclosed. A small strain in the same area was documented years ago and resolved fully with no ongoing complaints.

02/04/2025
Treatment has continued somewhat longer than is typical for a neck strain of this kind. Requested updated records and a current treatment plan from the provider through counsel.

02/09/2025
Discussed the file with the supervisor. The injury and vehicle damage findings are consistent with the loss as reported, and the remaining review is focused on the length of treatment.

02/20/2025
Sent a status letter to claimant's counsel listing outstanding medical records and requesting the treatment timeline. File remains open pending receipt.

Recorded Statement

Claim number:	C-1242
Statement of:	John Hernandez
Taken by:	Chelsea Hebert
Date:	07/18/2024

Q: Thank you for taking the time to speak with me today. This recorded statement concerns the collision at the intersection in Pasadena, Texas. Please state your full name for the record.

A: I'd rather just give you the facts, but I suppose that's fine. You can note the name on your file.

Q: Understood. Can you describe where you were when the collision happened?

A: I was driving through the intersection on a green light, heading straight across. The light had been green for a little while, so I wasn't rushing.

Q: What happened next?

A: A pickup came from my right side and went through the red. It hit the passenger side of my car, right around the middle of the door. There was a loud bang and my car spun partway around before stopping.

Q: Did you have any warinng before the impact?

A: Not really. I saw a flash of white out of the corner of my eye, and then it was over. I didn't have time to brake.

Q: Were you injured?

A: Yes. My neck snapped sideways when we hit, and I've had stiffness and a dull ache ever since. Turning my head to the left is the worst. I went to urgent care that afternoon and they said it was a strain.

Q: Have you been able to keep up with your normal activities?

A: Mostly, though I've had to take a few days off from lifting and driving longer distances. The pain comes and goes, and I've been doing the exercises the clinic gave me.

Q: Is there anything else you think I should know?

A: Just that I was following the rules and the other driver wasn't. I'd like this handled quickly.

Q: Thank you. That concludes the statement.
