Description of the accident (claimant's words)

I was driving through the intersection on a green light when a vehicle coming from the cross street pulled out and struck the side of my car. The impact pushed my vehicle sideways and I felt my head snap to one side before the airbags deployed. I stopped as soon as I could, checked on my passenger, and called the police from the scene. I have given the same description of how the collision happened to the officer, to the adjuster, and to the medical staff who saw me afterward. I am the named driver on this policy and I was operating the vehicle with the owner's permission at the time. Since the accident I have been treated for a neck strain, with stiffness and soreness that limit my movement, and I am following the treatment plan my doctor recommended.
