Claim Notes

Claim number:	C-1249
Claimant:	Brenda Christian
Adjuster:	Chelsea Hebert

13 Jun 2023
First notice of loss received for a low-speed head-on collision. The insured reports a front-end impact at a slow speed in a parking area, and the claimant was reported as a passenger in the other vehicle.

18 Sep 2023
Reviewed the policy and confirmed the driver is named on it and coverage was in force on the reported date of loss. No issues with the policy status were found.

6 Oct 2023
Police report obtained. It confirms the claimant was in the vehicle at the time of the collision and matches the location and general sequence described by the insured.

15 Oct 2023
Photos of both vehicles were reviewed. The damage is mostly consistent with the described impact, and the pattern of contact points lines up with a head-on collision at low speed.

20 Oct 2023
Took a recorded statement from the other driver, who confirmed the accident happened as described. An independent witness also gave a matching account of the impact.

8 Nov 2023
Claimant is now represented by counsel. All further contact will go through the attorney's office, and the representation letter is on file.

9 Nov 2023
Received the claimant's medical records and the initial treatment notes. The reported back strain fits the kind and force of the crash well.

6 Dec 2023
Records show the claimant was treated for the same body area within the last two years. That prior condition appears to add to the current complaints, and this is noted for the file.

18 Dec 2023
Treatment has continued somewhat longer than is typical for this injury. The treating provider's notes explain the reasons, and the timeline is being reviewed against standard recovery expectations.

13 Jan 2024
Checked the vehicle's repair and inspection history. No earlier dmaage to the vehicle is known, and nothing suggests the damage predates the coverage start date.

17 Jan 2024
Each contact with the claimant, through the attorney and directly, has produced the same account of the accident. The file is being prepared for the next review with the medical and repair documentation attached.

Recorded Statement

Claim number:	C-1249
Statement of:	Brenda Christian

Q: Thanks for taking the time to speak with me today. This call is being recorded for claim purposes. Can you confirm you're comfortable continuing?

A: Yes, that's fine.

Q: Please describe in your own words what happened at the time of the collision.

A: I was driving on a city street in Pasadena, Texas, heading toward a shopping center. The traffic was light. A car came from the opposite direction and drifted into my lane, and we ended up meeting head-on. It wasn't a high-speed hit, but it was enough to jolt me forward and then back into my seat.

Q: What was your approximate speed just before impact?

A: I'd say I was going maybe twenty miles an hour, maybe a little less. I had just started to slow down for a turn.

Q: Did the other driver say anything or give any reason for drifting over?

A: They said they looked down at a phone for a second. I didn't see that myself, but that's what they told me on the roadside.

Q: Were there any airbags deployed in your vehicle?

A: No, they didn't go off. The car was driveable, and we were able to pull to the shoulder.

Q: When did you first notice any physical symptoms?

A: Right away I had a stiff neck, but the worst of it was my lower back. By that evening it was really tight and sore, and I could barely bend over the next morning.

Q: Have you sought medical care since the collision?

A: Yes, I went to an urgent care clinic the next day. They daignosed a lumbar strain and gave me muscle relaxers and some instructions for stretching. I've been going to physical therapy twice a week since then.

Q: Have you had any prior issues with your back?

A: I had some occasional stiffness years ago, but nothing that stopped me from working or doing my normal activities.

Q: Is there anything else you'd like to add about the incident?

A: Just that I'm still having trouble sleeping through the night because of the pain, and I want to make sure my treatment is covered. Thank you for your help.

Q: Thank you. That concludes our statement.
