Claim Notes

Claim number:	C-1253
Claimant:	Ashley Smith
Adjuster:	Chelsea Hebert

2023-04-10
Claim received by phone from the claimant, who reports being hit on the driver side at an intersection while proceeding through on a green light. Claimant is not represented by counsel and was advised of the claims process.

2023-04-12
Confirmed the driver is named on the policy and that the vehicle is listed under coverage that was active at the time of loss. Nothing in the policy records suggests the damage occurred before coverage began.

2023-05-07
Claimant provided photos of the vehicle from the scene. The images confirm some of the details described, though they do not show the other vehicle's approach.

2023-08-31
Sent a field inspection request for the damaged vehicle. Inspector noted damage to the driver door, quarter panel, and rear wheel area that is consistent with the described side impact.

2023-09-13
Spoke with the claimant again to clarify the sequence of events. The account matched the initial report in every detail, including the direction of travel and the point of impact.

2023-09-21
Reviewed the inspector's photos. A few older scratches appear along the lower door panel and may predate this loss. Will ask the appraiser to separate them from the new damage in the estimate.

2023-09-30
Claimant reports neck pain and stiffness beginning the day after the collision. A neck strain is a plausible injury for a crash of this type. No prior injury to the neck or upper back has been reported or found in records checked so far.

2023-10-07
Claimant is seeing a provider and has begun a standard course of treatment. Reviewed the treatment notes, which follow a usual course with symptoms easing as the calimant improved.

2023-10-25
Asked the claimant where they were seated at impact. The answer was not fully clear and the details given still leave the seating position uncertain. Noted for follow-up.

2023-11-24
No independent witnesses have come forward. The claim file relies on the claimant's statements, the photos, and the vehicle damage, which together are consistent with the reported impact.

2023-11-28
Based on the current file, the claim appears to be progressing normally. Will continue to monitor treatment progress, complete the damage estimate, and follow up on the seating position questoin before final evaluation.

Recorded Statement

Claim number:	C-1253
Statement of:	Ashley Smith
Taken by:	Chelsea Hebert
Date:	2023-04-14

Q: Thanks for taking the time to speak with me today. This recorded statement concerns the collision you reported at an intersection in Conroe, Texas. Please state your full name for the record.

A: Sure. I'd rather keep my name off the recording, if that's all right. I'm the driver of the blue sedan that was involved.

Q: That works. Can you describe where you were coming from and where you were headed when the collision happened?

A: I was driving through the intersection on the main road, heading straihgt through. The light had been green for a bit when I started into it.

Q: Did you see the other vehicle before the impact?

A: Not really. It came in from my right side, and I only saw it a split second before it hit me on the passenger door.

Q: How fast would you estimate you were going?

A: Maybe around the posted limit, nothing unusual. I wasn't in a hurry.

Q: After the impact, did you notice any injuries right away?

A: My neck was stiff and sore almost immediately. I didn't think much of it at the scene, but by the next morning I had a lot of tightness and some pain running into my shoulders.

Q: Have you seen a medical provider since the collision?

A: Yes, I went to an urgent care clinic and then I've been following up with my family doctor. They diagnosed me with a neck strain and gave me muscle relaxers and a referral for physical therapy.

Q: Are you still experiencing symptoms today?

A: Yes, I still get stiffness when I turn my head, and sitting for long drives is harder than it used to be.

Q: Is there anything else you'd like to add to your statement?

A: Only that I've been trying to keep up with my appointments and I'm hoping to get back to normal soon.

Q: Thank you. This concludes the statement.
