Description of the accident (claimant's words)

I was backing out of a parking space at a shopping center in Pearland, Texas, moving slowly with my headlights on, when the rear of my vehicle struck the front corner of a gray pickup that was rolling through the lane behind me. Neither of us was going fast, but the impact was enough to jolt me forawrd and back against my seat. Since then I have felt stiffness and a dull ache in my neck and lower back, which is why I went to a clinic the same afternoon. I have descriebd the event the same way to the other driver, to the responding officer, to the adjuster, and to the clinic staff, and I have not changed any detail. I am the named driver on this policy and was operating my own vehicle with permission from the policy holder at the time. I am providing this statement so the damage to both vehicles and my medical treatment can be reviewed.
