Description of the accident (claimant's words)

I was stopped at a red light on a main road in Houston, Texas, when a vehicle behind me struck the rear of my car. The impact was firm enough to push me forward against my seatbelt and jolt my head back. I stayed at the scene, exchanged information with the other driver, and waited for the police to arrive. Since then I have described what happened the same way each time I have spoken with the adjuster, the medical staff, and my own family, and I have not changed any detail. I am the named driver on this policy and I am the person who was behind the wheel. The collision left me with a neck strain, which has made turning my head and sleeping uncomfortable. I am providing this account so the claim can be processed accurately.
