Claim Notes

Claim number:	C-1257
Claimant:	Benjamin Brown
Adjuster:	Alison Sweeney

30 Jun 2023
Claim reported by the insured's representing attorney following a low-speed collision in a parking lot. Initial notice received and file opened for bodily injury and property damage review.

5 Jul 2023
Police report obtained. It docuemnts the claimant as an occupant of the vehicle at the time of the impact and records the other driver's acocunt of the incident.

10 Aug 2023
Recorded statement taken from the other driver, who describes the same sequence of events as the claimant and confirms the vehicle was stationary and then struck from behind while backing out of a space.

18 Aug 2023
Photographs from the scene and the vehicle's rear bumper and trunk area were received. The visible damage is mostly in line with the imapct described and appears consistent with the reported speed of contact.

12 Sep 2023
Two indeepndent witnesses contacted this office. Both confirm the collision occurred as described and that the claimant was seated in the vehicle when it happened.

10 Oct 2023
Verified that the driver is listed as a named driver on the policy and that coverage was in force on the date of loss. Nothing in the file suggests the damage predates the policy start.

18 Nov 2023
Prior-loss and repair history checked for the vehicle. No earlier damage to this area is known, and no previous claims were fonud on the vehicle.

24 Nov 2023
Medical records received from the claimant's treating provider. The reported whiplash injury fits the type and force of this kind of impact, and the diagnosis and imaging notes are in line with that mechanism.

23 Dec 2023
Claimant's attorney provided a prior medical summary. It notes a minor strain to the same region several years ago that resolved completely with routine care, and it does not appear to bear on the current complaints.

10 Jan 2024
Treatment history reviewed. Care followed a typical course, with frequency of visits tapering as the claimant's symptoms improved. A later written statement added a few minor details about the moments after impact, but the core account has remained unchanged across all contacts.

28 Jan 2024
File reviewed and assessed for evaluation. Liability and damage facts are supported by the police report, witnesses, photographs and the other driver. Injury claim proceeding to evaluation based on the medical cuorse and the documented mechanism of injury.

Q: Thanks for taking the time to speak with me today. This call is being recorded for claim purposes. Can you confirm you're comfortable continuing?

A: Yes, that's fine.

Q: Please describe in your own words what happened at the parking lot.

A: I was pulling out of a space near the store entrance. It was a busy afternoon and the lot was crowded. I had just started backing out when another vehicle came down the row and clipped the rear quarter panel of my car.

Q: How fast were you moving when the impact occurred?

A: Very slowly, maybe a few miles an hour. I was checking my mirrors and I'd barely rolled back.

Q: Did you see the other vehicle before the contact?

A: Not really. I caught a glimpse of something white right before the impact, but I didn't have time to react.

Q: Did you notice any injuries at the scene?

A: I felt fine right after, just a little shaken. But by the next morning my neck was stiff and the pain started radiating into my shoulders. I've had headaches since then too.

Q: Have you sought medical treatment?

A: Yes, I went to urgent care the following day. They diagnosed whiplash and gave me a neck brace and some medication. I've also started physical therapy twice a week.

Q: Did you have any prior neck or back problems?

A: No, nothing that required treatment. I had normal activity levels before this.

Q: Is there anything else you'd like to add?

A: Just that I want to make sure my medical bills and car repairs are covered. I've been missing work because of the pain.

Q: Thank you. We'll follow up with you shortly.

A: Okay, thanks.
