Description of the accident (claimant's words)

I was backing out of a parking space at a shopping center in Houston, Texas, moving slowly, when another vehicle came down the lane and struck the rear corner of my car. I stopped immediately, checked on the other driver, and waited for the police report. Snice the accident I have had neck pain and stiffness that I believe is whiplash, and I have been seeing a doctor for treatment. Afterward I recalled a few more small details, such as the position of the other car's headlights, but the core of what happened has not changed from my first statement. I am the named driver on this policy and I have included my insurance information and the photos I took at the scene.
