Claim Notes

Claim number:	C-1258
Claimant:	Amy Anderson
Adjuster:	Darin Tyler

12/23/2023
Reported a left-turn collision at an intersection. The insured was turning left when a vehicle coming the other way struck the driver's side of the insured's car, and the insured's policy was confirmed as active at the time of loss.

12/27/2023
Spoke with the insured, who described the same sequence of events as in the first report: a green light, a gap in oncoming traffic, and a sudden impact. The insured is listed as the named driver on the policy.

12/31/2023
Obtained the police report, which lists the claimant as a passenger in the insured's vehicle and notes two independent witnesses at the scene. Both witnesses describe the other vehicle entering the intersection against a red signal.

01/04/2024
Took photos of both vehicles. The damage to the insured's driver-side door and the other car's front bumper lines up with the angle and speed described in the statements.

01/23/2024
The other driver's insurer accepted liability in principle and proivded its own statement, which matches the account given by the insured and by the witnesses on the key points.

02/25/2024
Received notice that the claimant has retained an attorney, who has asked that all further contact go through that office. Future communications will be routed accordingly.

03/25/2024
The claimant's attorney submitted a treatment summary reporting a neck strain. The injury is consistent with the type of side impact described, and the treatment plan reflects a standard course for this kind of soft-tissue complaint.

04/10/2024
Reviewed the medical records, which show no prior treatment to the neck or upper back. The claimant's history on file is clean for that body area.

04/19/2024
Noted a few faint scratches on the insured's rear quarter panel during the vehicle inspection. These may predate this collision, so the repair estimate will be reviewed to separate any old marks from new damage.

05/01/2024
Checked the coverage history and found that the policy was in force well before the loss and that nothing points to damage occurring before the coverage start. The claim remains on the standard handling track.

05/29/2024
Treatment has tapered as the claimant improved, with fewer visits in recent records and a notation that the claimant is returning to normal daily activity. The attorney has been informed that the file is progressing normally.

07/22/2024
Current status: liability is supported by the police report, witness statements, photos, and the other driver's statement. The bodily injury claim is under review pending the final treatment report and settlement discussions with the

claimant's attorney.

Recorded Statement

Claim number:	C-1258
Statement of:	Amy Anderson
Taken by:	Darin Tyler
Date:	12/03/2023

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather not put my name on it yet, but you can refer to me as the claimant.

Q: That's fine for now. Can you tell me where the collision happened?

A: It was at a signalized intersection in Katy, Texas. I was turning left across the oncoming lane.

Q: What was the traffic signal showing when you began your turn?

A: It had turned yellow, and I thought I could make it through. I started to go when the light was still yellow.

Q: Did you see the other vehicle before the impact?

A: Not really. I glanced one way, saw nothing close, and then there was a loud bang on the driver's side.

Q: Were you wearing your seatbelt?

A: Yes, I was.

Q: How fast would you estimate you were traveling?

A: Maybe fifteen or twenty miles an hour. I was barely moving because I was turning.

Q: Did you receive any medical attention after the collision?

A: I went to an urgent care clinic that afternoon. They said I had a neck strain. My neck is stiff and I have a headache when I turn my head.

Q: Have you missed any work because of your injuries?

A: I've been taking a few days off, and I'm still having trouble sleeping because of the pain.

Q: Is there anything else you would like to add to your statement?

A: Only that I'm sorry for the damage and I want to get this resolved fairly for everyone involved.

Q: Thank you. This concludes the recorded statement.
