Re: Claim C-1258 - Demand for settlement

Dear Claims Representative:

Dear Claims Representative:

This firm represents Amy Anderson in connection with injuries sustained in the motor vehicle collision that occurred on 2023-11-25. The available evidence establishes that your insured failed to stop at a controlled intersection and struck our client's vehicle broadside. Police documentation of the scene, photographs of the damage, and witness statements all point to the same conclusion: liability rests squarely with your insured.

Our client sought immediate medical care and has since undergone extensive treatment, including imaging, physical therapy, and specialist consultations. A review by a qualified medical expert has concluded that our client suffers from a permanent injury that will affect daily function and earning capacity for the foreseeable future. The treatment records and the expert's written findings are enclosed for your review.

Based on the medical costs incurred to date, projected future care, lost income, and the permanent nature of the injury, our client demands payment of $74,600.00 to resolve this claim.

You have thirty (30) days from the date of this letter to tender payment in full or to make a written settlement offer. If we do not receive a satisfactory response within that period, we are prepared to file suit without futrher notice and to seek all damages available under the law.

Please direct all communications regarding this matter to my office.

Sincerely,

Attorney of Record
