Description of the accident (claimant's words)

I was making a left turn at an intersection in Katy, Texas, when another vehicle struck the side of my car. The impact pushed my vehicle sideways and I felt a sharp pain in my right shoulder almost immediately. I stopped at the scene, exchanged information with the other driver, and waited for the police to arrive. Since then I have remembered a few more small details, such as the exact position of the traffic light, but the core of what happened has not changed. I am the policyholder named on this policy, and I am submitting this statement so the claim can be reviewed. I have been seeing a doctor about my shoulder and will provide records as they become available.
