Claim Notes

Claim number:	C-1263
Claimant:	Katie Reese
Adjuster:	Valerie Rodriguez

07/08/2023

The insured reported a left-turn collision at an intersection, and the claimant was identified as the driver of the other vehicle. Initial contact was made with the claimant's attorney, who asked that all communication go through their office.

07/25/2023

Photos taken at the scene show the damage to both vehicles, and they confirm several details of the reported impact. No independent witnesses have come forward, so the account rests on the parties and the photographs.

08/14/2023

The police report confirms that the claimant was in the vehicle at the time of the collision. The insured's driver is listed on the policy, and the policy was in force at the time of loss.

08/18/2023

The damage to the claimant's vehicle is mostly consistent with the described impact. No prior damage to the vehicle is known from our records or the vehicle history check.

09/01/2023

The claimant reports a shoulder injury, and the kind and force of the impact appear to match that injury. Medical records show treatment that followed a usual course.

09/15/2023

The claimant's account of the collision has stayed the same in each conversation so far, including the initial call, the recorded statement, and the follow-up with counsel.

11/29/2023

No earlier injury to the same area of the body is known from prior claims or medical history on file. Nothing in the records suggests the damage existed before coverage began.

12/30/2023

Treatment tapered off as the claimant's condition improved, and the most recent provider notes describe steady recovery. The attorney has requested a settlement evaluation based on the treatment records.

02/10/2024

Based on the photos, police report, medical records, and consistent statements, the claim appears to be a straightforward left-turn collision. The file is being referred for a settlement evaluation with the claimant's counsel.

Recorded Statement

Q: Thanks for taking the time to speak with me today. This call is benig recorded for claim purposes. Can you please state your full name for the record?

A: I'd rather just go by the claimant on this one, if that's okay. I'm the driver of the vehicle involved.

Q: That's fine. Can you walk me through what happened at the intersection in League City?

A: I was making a left turn off the main road into the shopping center. I had my turn signal on and I was waiting for a gap in oncoimng traffic. When I saw a clear spot, I started to turn, and that's when another car came through and hit the front passenger side of my vehicle.

Q: Had the oncoming vehcile been stopped at the light, or was it moving at the time?

A: It was moving. It wasn't speeding that I could tell, but it didn't look like it slowed down much either.

Q: Did you see the other vehicle before you started your turn?

A: I saw headlights a ways back. I thought I had enough time, and I misjudged it. I'll own that part.

Q: How are you feeling now? Have you been seen by a medical provider?

A: My right shoulder is pretty bad. It hit the door frame when the airbag went off. I went to an urgent care clinic that same day and they took X-rays. I've got a follow-up with an orthopedic doctor next week because the pain hasn't gone away and I can barely lift my arm above my head.

Q: Thank you. Is there anything else you'd like to add about the accident?

A: Just that I'm cooperating fully and I have the photos I took at the scene. I can send them over whenever you need.

Q: Thank you for your time. We'll be in touch with next steps.
