Claim Notes

Claim number:	C-1264
Claimant:	Richard Randall
Adjuster:	Alison Sweeney

05/21/2023
Claim opened for a parking lot collision in which the insured's vehicle was struck while parked in a marked space. The claimant reports a shoulder injury from the impact and states they are not represented by a lawyer.

05/29/2023
Confirmed that the driver involved is named on the policy and that the policy was in force at the time of the incident. Nothing in the file suggests the vehicle damage predates the coverage period.

06/14/2023
Obtained the police report and two witness statements, both of which place the claimant inside the vehicle at the time of contact and describe the collision as the claimant described it.

06/27/2023
Reviewed photos from the scene and the other driver's statement. The damage pattern on both vehicles lines up with the impact as reported, and no earlier damage to the claimant's vehicle appears in our records.

07/24/2023
Spoke with the claimant again to walk through the sequence of events. The account matched what was given in the first call, with the same details about where the impact occurred and how the other vehicle approached.

09/04/2023
Medical records were requested. The shoulder injury is consistent with the type of impact described, and no prior treatment to that body area appears in the claimant's history.

10/15/2023
Treatment has continued somewhat longer than is typical for this kind of shoulder injury. The file is being monitored and the provider has been asked for updated notes on the treatment plan.

12/17/2023
Reviewed the file as a whole. The accident, vehicle damage, policy status and driver identity are all supported, and the claim remains open pending the updated treatment notes.

Q: Thanks for taking the time to speak with me today. This call is being rceorded for the claim file. Can you confirm that you're comfortable with that?

A: Yes, that's fine.

Q: Great. Can you tell me where you were when the collision happened?

A: I was in a parking lot in Houston, Texas, at a shopping center. I had just pulled into a space near the main entrance.

Q: What were you doing right before the impact?

A: I was backing out of the space, slowly. I had checked my mirrors and didn't see anything coming.

Q: What happened next?

A: A vehicle came down the aisle from my right side. It wasn't going fast, but it clipped the rear quarter panel of my car. I felt a jolt and heard a loud bang.

Q: Did you stop after the contact?

A: Yes, I stopped right away and put the car in park.

Q: Did the other driver stop as well?

A: They did. The driver got out and we talked briefly. They said they were sorry and that they hadn't seen my car.

Q: Were you hurt in the collision?

A: Yes. I felt a sharp pain in my right shoulder when the impact pushed me against the seatbelt. It's been sore sicne then, and I've had trouble lifting my arm above my head.

Q: Have you sought medical attention?

A: I went to an urgent care clinic that same afternoon. They took X-rays and told me to follow up with my regular doctor.

Q: Thank you. Is there anything else you'd like to add to your statement?

A: No, I think that covers it. I'm just hopnig to get my car repaired and get my shoulder looked after.

Q: Thank you for your time today. We'll be in touch with next steps.

A: Thank you.
