Claim Notes

Claim number:	C-1266
Claimant:	Joel Hamilton
Adjuster:	Christopher Wong

25 Dec 2024
Claim opened after a side impact at an intersection. The claimant reports a shoulder injury and is represented by counsel, and all further contact will go through the attorney's office.

26 Dec 2024
Reviewed the police report and the scene photographs. Responding officers and two independent witnesses confirm the claimant was in the vehicle and that the collision happened as described.

16 Jan 2025
Spoke with the other driver, who gave an account consistent with the claimant's. The damage to the claimant's vehicle lines up with the angle and force of the impact shown in the photos.

26 Jan 2025
Medical records show a shoulder injury of a kind typical for a force like this crash. Earlier records also reflect a minor strain in the same area years ago that healed fully with no lasting effects.

5 Feb 2025
Treatment followed a usual course, with physical therapy tapering as the claimant's range of motion improved. Nothing in the file suggests the vehicle had prior damage, and no damage predates the start of coverage.

25 Feb 2025
The claimant has given the same account of the accident in each conversation, including the recorded statement taken through counsel. Coverage was confirmed and the driver is named on the policy.

7 Mar 2025
Based on the records reviewed, the injury, vehicle damage, and reported sequence of events are consistent with one another. File moved to the bodily injury evaluation queue for counsel's demand package.

Recorded Statement

Claim number:	C-1266
Statement of:	Joel Hamilton
Taken by:	Christopher Wong
Date:	8 Nov 2024

Q: Thank you for taking the time to give this recorded statement. Please state your full name for the record.

A: I'd rather just keep it to the accident details, if that's okay.

Q: That's fine. Can you tell me where you were when the collision happened?

A: I was driving through the intersection in Houston, heading east on a four-lane road. The light had been green for me as I came up to it.

Q: Did you see the other vehicle before the impact?

A: Not really. I saw a car coming from the left side, but I thought it was going to stop. It didn't, and it hit my driver's side door.

Q: How fast do you think you were traveling?

A: Maybe around the posted limit, thirty-five or so. I wasn't speeding.

Q: Were you wearing your seatbelt?

A: Yes, and the airbag on my side went off.

Q: Where do you feel injured?

A: My right shoulder mostly. I hit the armrest and the door frame. It hurts when I lift my arm above my head, and I've had trouble sleeping on that side.

Q: Have you seen a doctor or gone to an urgent care facility since the accident?

A: I went to the emergency room that same day. They took X-rays and told me to follow up with an orthopedic specialist.

Q: Is there anything else you think I should know about what happened?

A: Only that the other driver seemed to apologize at the scene, and I took a photo of both cars before they were towed.

Q: Thank you. I'll follow up with you about the photos and your medical records. That concludes the statement.

A: Okay, thanks.
