Claim Notes

Claim number:	C-1269
Claimant:	Ashley Kennedy
Adjuster:	Christopher Wong

January 7, 2025
The claim was logged after the policyholder reported a collision at an intersection while turning left, and the claimant, who is not represented by counsel, was assigned to the file for injury review.

January 18, 2025
The driver is listed on the policy and the policy was in force at the time of loss, with nothing indicating the damage predated the coverage start.

March 6, 2025
Ploice records and statements from the scene confirm the claimant was in the vehicle at the time of impact, and no earlier damage to the vehicle is known from prior file history.

March 19, 2025
Scene photographs confirm several details of the impact, though no independent witnesses have come forward to describe how the clolision happened.

April 3, 2025
The claimant reports a wrist fracture, and the kind of injury and the force of the crash appear consistent with one another based on the photos and the vehicle damage pattern.

May 2, 2025
No earlier injury to the same area of the body is known from the claimant's records, and the claimant has given the same account of events in every conversation so far.

May 24, 2025
Treatment has continued somewhat longer than is typical for this type of fracture, and the medical timeline is being reviewed against the reported mechanism.

June 10, 2025
It remains unclear whether all of the vehicle damage resulted from this single impact, so the repair estimate is being checked line by line against the photographs.

June 29, 2025
The file is being held for the adjuster's review of the mediacl repotrs and the damage assessment before any settlement position is considered.

Recorded Statement

Claim number:	C-1269
Statement of:	Ashley Kennedy

Date:	December 8, 2024

Q: Thank you for taking the time to speak with me today. This recorded statement concerns the collision you reported. Please state your full name for the record.

A: I'd rather just give you the facts of what happened, if that's okay.

Q: That's fine. Let's start with where you were when the collision occurred.

A: I was in Pearland, Texas, on a city street, heading toward a shopping center. I was in the left-turn lane at a signalized intersection.

Q: What was the signal showing when you entered the intersection?

A: It had turned from yellow to green, and I was waiting for oncoming traffic to clear so I could complete the turn.

Q: What happened next?

A: A vehicle coming from the opposite direction hit my car's front driver's side while I was partway through the turn. I felt a hard jolt, and my airbag deployed.

Q: Did you see the other vehicle before impact?

A: Not clearly. I noticed headlights, but I didn't judge its speed well. I thought it was far enuogh away.

Q: Were you injured?

A: Yes. My left wrist hit the steering wheel and the steering wheel area. I was taken by ambluance to a hospital, and I was told I had a fracture in my wrist. I'm now in a cast and have been seeing a specialist.

Q: Has a doctor given you an estimate for how long you'll be off work or limited in use of your hand?

A: Not yet. The follow-up appointment is next week, and I'll know more then.

Q: Thank you. Is there anything you'd like to add to your account?

A: Only that I was following the signal and I'm still shaken up by it. I'm willing to provide any records you need.

Q: Understood. That concludes the statement. Thank you.
