Claim Notes

Claim number:	C-1270
Claimant:	George Collins
Adjuster:	Jerry Hanson

2023-08-26
First notice of loss was received for a low-speed head-on collision involving the insured vehicle. The cliamant reports neck pain and was transported from the scene, and the claim has been assigned for review.

2023-08-31
Police report confirms the claimant was in the vehicle at the time of the collision. The driver listed on the policy is the person who reported the loss, and the policy was in force on the date of loss.

2023-11-19
Photographs taken at the scene show the front-end damage on both vehicles, and the damage pattern is consistent with the described impact. No independent witnesses have been identified, so the photos are the main independent record of the collision.

2023-12-17
Claimant is represented by counsel, and all contact is now routed through the attorney's office. A recorded sattement was requested and the claimant's account has been consistent across each conversation to date.

2023-12-27
Medical records were received showing a diagnosis of whiplash, which fits the mechanism and force of a collision of this type. No prior injury to the neck or upper back appears in the records reviewed.

2024-01-13
Vehicle records show no earlier damage to the front end, and nothing in the file suggests the damage predates the coverage start. Repair estimate has been reviewed and the scope of work matches the impact described.

2024-02-22
Treatment followed a typical course of physical therapy and has tapered as the claimant's symptoms improved. File remains open pending receipt of the final treatment summary and the attorney's demand package.

Recorded Statement

Claim number:	C-1270
Statement of:	George Collins
Taken by:	Jerry Hanson
Date:	2023-07-17

Q: Thank you for taking the time to speak with me today. This recorded statement concerns the collision you reported in Katy, Texas. Please satte your full name for the record.

A: I'm sorry, I'd rather just give you my first name for now. It's part of the accident report anyway.

Q: That's fine. Can you describe in your own words what happened?

A: I was driving on a two-lane road in the early afternoon. A car coming the other way drifted over into my lane. I tried to swerve right, but we still clipped front to front. It wasn't a hard hit, but it was enough to jolt me forward and back.

Q: How fast were you traveling when you first saw the other vehicle?

A: Not very fast, maybe thirty miles an hour or a bit less. The road was wet from a light rain, so I was being careful.

Q: Did either vehicle leave the roadway, or did airbags deploy?

A: No, nothing like that. Both cars stayed on the pavement. My airbag didn't go off.

Q: Were you taken to a medical facility after the collision?

A: My neck and upper back started hurting that evening. The next morning I felt stiff and had headaches. I went to urgent care two days later, and they diagnosed whiplash and gave me a referral for physical therapy.

Q: Have you been able to keep up with your normal activities since then?

A: Some days are harder than others. Lifting my grandchild and sitting at my desk for long periods are the worst. I've missed a few shifts at work because of it.

Q: Thank you. Is there anything you'd like to add before we conclude?

A: Only that I want to make sure my physical therapy bills get covered. I've been keeping every receipt.

Q: Understood. This concludes the recorded statement. Thank you.
