Claim Notes

Claim number:	C-1274
Claimant:	Kevin Walker
Adjuster:	Christopher Wong

4-25-24
First notice of loss received for a low-speed head-on collision. The insured driver reports the other vehicle corssed into their lane, and the claimant is represented by counsel who has requested that all contact go through their office.

6-11-24
Reviewed the policy and confirmed the driver is named on it and was covered on the date of the loss. Nothing in the file suggests the vehicle damage predates the start of coverage.

6-22-24
Inspected the vehicle and photographed the front-end damage. The damage pattern matches the impact as described, and no earlier damage to the vehicle is known from prior records.

7-12-24
Police report and statements from the scene confirm the claimant was in the vehicle at the time of the collision. Photos from the scene confirm some details of the account, although no independent witnesses have come forward.

8-21-24
The claimant's medical records report whiplash. The reported injury is plausible for a crash of this severity. Records also show a small strain in the same area several years ago that healed fully, so the prior history has been noted.

9-1-24
Counsel supplied a supplemental statement with some added details. The core account has not changed from the original report, and the additions are minor and consistent with it.

10-6-24
Treatment followed a usual course and tapered off as the claimant improved. Based on the records, the file is moving toward a reasonable evaluation of the injury claim, with ongoing review of the treatment notes.

Recorded Statement

Claim number:	C-1274
Statement of:	Kevin Walker
Taken by:	Christopher Wong
Date:	3-6-24

Q: Thank you for taking the time to speak with me today. This recorded statement concerns the collision you were involved in on a roadway in Conroe, Texas. Please state your full name for the record.

A: I'd rather just go by my initials for this, if that's okay.

Q: That's fine. Can you tell me, in your own words, what happened?

A: I was driving along a two-lane road, going maybe thirty miles an hour. A car coming the other way drifted into my lane. I braked and turned a little, but we still hit front to front. It wasn't a big impact, but it was enough to jolt me.

Q: Were you wearing your seatbelt at the time?

A: Yes, I was buckled in.

Q: Did your airbags deploy?

A: No, they didn't. My car just stopped pretty hard, and my head snapped forward and then back.

Q: Did you get out of the vehicle at the scene, or did you stay inside?

A: I got out after a minute. I felt a little dizzy and my neck was already stiff.

Q: Have you sought medical attention since the collision?

A: Yes, I went to an urgent care clinic that same afternoon. They said I had whiplash and gave me a neck brace and some pain medication.

Q: Are you sitll experiencing symptoms?

A: Yes. My neck is sore when I turn my head, and I get headaches most evenings. I've had to take time off from my physical therapy job because lifting hurts.

Q: Thank you. Is there anything you'd like to add?

A: Just that I want my car repaired and my medical bills looked at. I've been cooperating and I want this handled fairly.

Q: Thank you for your time. This concludes the statement.
