Claim Notes

Claim number:	C-1276
Claimant:	Dakota Jones
Adjuster:	Jerry Hanson

12/31/2024
Claim opened for a sideswipe that occurred while the insured was changing lanes on a multi-lane road. The claimant reports neck pain with whiplash symptoms and is represented by counsel, so all contact will go through the attorney's office.

01/09/2025
Reviewed the policy and confirmed the driver is listed as a named driver and the coverage was in force at the time of loss. Nothing in the file suggests the damage predates the policy start.

01/14/2025
Spoke with the other driver, who confirmed the lane change and the contact between the two vehicles as the claimant described. Requested photos from the scene and a copy of the police report.

02/04/2025
Photos from the scene and the vehicle inspection show damage consistent with the reported impact. No earlier damage to either vehicle has come to light in the records reviewed so far.

04/29/2025
Witness statement received and it matches the account given by both drivers. The witness described the sideswipe in the same seqeunce and location.

05/29/2025
The claimant's initial statement was given through counsel. Follow-up questions added a few minor details about the moments before and after impact, but the core account has not changed.

07/01/2025
Meidcal records reviewed. The whiplash diagnosis is plausible for this type of collision, and no prior treatment to the neck or upper back appears in the records or in the prior claims search.

07/03/2025
Treatment has continued somewhat longer than is typical for this injury. Requested updated treatment notes and a timeline of visits from the provider to better understand the course of care.

07/07/2025
Still unclear from the statements and photos exactly where the claimant was seated in the vehicle at the moment of impact. Asked counsel to clarify the seating position in writing.

07/15/2025
Reserve reviewed and file remains open pending the updated treatment notes and the clarification on seating position. No coverage issues identified at this time.

Statement of:	Dakota Jones

Q: Thank you for agreeing to give a recorded statement today. Please state your full name for the record.

A: I'd rather not give my name on the recording, but you can note that I'm the driver of the vehilce involved.

Q: That's fine. Can you describe what happened on the day of the collision?

A: I was driving in the right lane on the main road in Baytown, Texas, heading toward the interchange. I wanted to move into the left lane because the traffic in my lane had slowed down. I checked my mirror, and I didn't see anynoe right beside me, so I started to change lanes.

Q: Did you signal before changing lanes?

A: Yes, I turned on my signal and started to move over slowly.

Q: What happened next?

A: As I was moving over, another vehicle in the left lane came up alongside me and our driver's side and passenger side scraped. It sounded like metal grinding. Both of us pulled onto the shoulder after that.

Q: Did you see the other vehicle before the contact?

A: Not until it was right next to me. It seemed to be coming up fast in my blind spot.

Q: Were you injured?

A: Yes. My neck snapped forward and back when we made contact, and I've had stiffness and pain since then. I've also had headaches that come and go.

Q: Have you received any medical treatment?

A: I went to an urgent care clinic that same day, and I've been seeing a physical therapist twice a week since then.

Q: Is there anything else you'd like to add?

A: Only that I was trying to be careful, and I want my medical bills and vehicle repairs taken care of properly.

Q: Thank you. This concludes the statement.

A: Thank you.
