Claim Notes

Claim number:	C-1278
Claimant:	Tracey Guzman
Adjuster:	Darin Tyler

February 27, 2025
Claim opened for a side impact at an intersection. The claimant reports a shoulder injury and is not represented by a lawyer. The driver is named on the policy and the claimant was in the vehicle, as confirmed by the police report and witness statements.

March 8, 2025
Reviewed the injury against the crash mechanics. The reported shoulder injury matches the kind and force of a side impact of this type well.

March 12, 2025
Requested medical records. They show long-standing treatment for the same shoulder condition before the crash, and most of the current complaints appear to stem from that earlier condition.

April 16, 2025
Checked for independent confirmation of the accident. No witnesses, photos or other reports have surfaced beyond the claimant's own account, so the collision itself rests on the claimant's statement alone.

May 21, 2025
Spoke with the claimant. The account has remained consistent throughout, and the small details added later did not change the core story. No earlier damage to the vehicle is known, and nothing suggests the damage predates the start of coverage.

May 31, 2025
Treatment has run somewhat longer than is typical for this injury. It is still unclear whether all of the claimed damage came from this impact or in part from the prior condition, so the apportionment remains open.

June 4, 2025
Next steps are a request for prior treatment records and an independent medical review to address how much of the current injury is attributable to this collision.

Recorded Statement

Claim number:	C-1278
Statement of:	Tracey Guzman
Taken by:	Darin Tyler
Date:	January 8, 2025

Q: Thanks for taking the time to speak with me today. This recorded statement concerns the collision at the intersection in Sugar Land, Texas. Please sttae your full name for the record.

A: I'd rather just keep my name off the recording, if that's okay. You already have it on file.

Q: That's fine. Can you describe where you were traveling when the collision happened?

A: I was heading east through the intersection on a green light. I had just psased the crosswalk when another vehicle came from my right side.

Q: Did you see the other vehicle befroe impact?

A: Not really. I glanced up and it was already in the middle of the lane. I braked, but there wasn't time to stop.

Q: Which part of your vehicle was struck?

A: The driver's side door and the rear quarter panel. The airbag on my side did not deploy, but the impact pushed me against the window.

Q: Did you feel any injuries right after the collision?

A: My left shoulder hurt right away, and I had a sharp pain when I tried to lift my arm. I also felt stiff in my neck the next morning.

Q: Have you sought medical treatment for the shoulder?

A: Yes, I was seen at an urgent care clinic that same day, and I've since started physical therapy twice a week. My doctor ordered an imaging study, and I'm waiting on the follow-up.

Q: Is there anything else you would like to add about the collision?

A: Only that I was driving carefully and following the posted speed limit. I'd like the report to reflect that the other driver admitted at the scene they had not seen my car.

Q: Thank you. That concludes the statement.
