Bodily Injury Unit

Claim Notes

Claim number:	C-1280
Claimant:	Kathryn Edwards
Adjuster:	Darin Tyler

May 30, 2024
First notice of loss came in from the policyholder's side after a sideswipe that happened while changing lanes. The insured reported the other vehicle drifted into their lane as they signaled to move over, and the claim was opened for bodily injury and property damage.

June 5, 2024
The driver is named on the policy and the coverage was in force at the time of loss. Nothing in the policy history suggests the vehicle damage predates the coverage start.

June 26, 2024
Claimant is represented by counsel, and all further contact is being routed through the attorney's office. A letter of representation has been placed in the file.

July 12, 2024
Police report reviewed. Responding officers recorded the claimant as an occupnat of the vehicle at the scene, and the report is consistent with the account given to us so far.

July 29, 2024
Photos of the vehicles were obtained from the insured and the other driver. The damage along the right side of the insured vehicle lines up with the described contact point, and the other vehicle's left-side damage is consistent with it.

July 31, 2024
Statements taken from two independent witnesses both describe the other vehicle moving into the adjacent lane during the lane change. Each witness account matches the others on sequence and position.

September 30, 2024
Claimant reported a concussion with headache, dizziness, and light sensitivity. The reported injury is plausible for a clolision of this type, and no prior injury to the head or neck is known from the records requested so far.

October 6, 2024
The claimant has given the same account of the collision in each conversation, including the initial call, the recorded interview, and follow-up with counsel. Details of sequence and vehicle positions have not changed.

October 8, 2024
A few small scratches were noted on the insured vehicle's rear quarter panel in the photos. These may be older than this crash, and a separate estimate line is being prepared to address them.

October 25, 2024
Treatment records show a usual course of care, beginning with evaluation and followed by physical therapy and periodic checks. Symptoms have improved steadily and the frequency of visits has tapered as the claimant recovered.

November 2, 2024
Medical bills and wage documentation have been requested through counsel. Reserve has been reviewed against the treatment timeline and the current estimates for both vehicles.

November 8, 2024
File is pending receipt of the outstanding records and the final repair estimate. Next review is set for after counsel

responds to the document request.

Recorded Statement

Claim number:	C-1280
Statement of:	Kathryn Edwards
Taken by:	Darin Tyler
Date:	May 9, 2024

Q: Good afternoon. This recorded statement is regarding the sideswipe collision you reported. Please state your full name for the record.

A: I'd rather not give my full name on a recording rihgt now, but you can use the claim file. I'm the driver of the silver sedan.

Q: Understood. Can you walk me through what happened before the impact?

A: I was on the feeder road in Katy, trying to move over into the right lane because my exit was coming up. I checked my mirror, I think, and I put my signal on. The other car was in the lane beside me and it just kind of drifted over as I started to merge.

Q: How far into the lane change were you when the contact happened?

A: Maybe a car length, a little more. The left side of my car scraped along the other vehicle's right side. I jerked the wheel back and the car spun a bit toward the curb.

Q: Did you see the other vehicle before you began to move over?

A: I saw it, but it was back a bit. I didn't think it was close enough to be a problem.

Q: Were you injured?

A: Yes. I hit my head on the window frame and I've had a headache ever since. Light bothers my eyes, and I felt foggy for a while at the scene. My doctor has me resting and I'm not supposed to drive long distances.

Q: Did you go to a hospital or urgent care after the collision?

A: My husband took me to urgent care that evening. They did a scan and told me I have a concussion. I have follow-up appointments scheduled.

Q: Is there anything else you think I should know about the collision?

A: Just that I was being careful and signaling. I'd like the other driver's insurance to take responsibility, since they were the one who moved toward me.

Q: Thank you. We'll follow up with you about your medical records and the vehicle inspection.

A: Okay. Thank you.
