Description of the accident (claimant's words)

I was changing lanes on the highway in Katy, Texas, checking my mirror and signaling as I moved over, when a pickup in the lane I was entering came alongside me and its side made contact with the front passenger side of my vehicle. Both cars scraped along for a moment before I could steer back and stop on the shoulder. I got out and exchanged information with the other driver, and I have described what happened the same way every time I have discussed it, with the adjuster, with the police officer at the scene, and with the medical staff. I am the named driver on this policy. Shortly afterward I developed a headache, dizziness, and confusion, and I was diagnosed with a concussion. I have attached the medical notes and the photos of the damage to both vehicles.
