Claimant:	James Obrien
Adjuster:	Alison Sweeney

13 Jun 2024
The claimant reported a rear-end collision at a stop and said they felt neck and shoulder pain shortly afterward. The claimant is not represented by counsel, and the claim was opened with the policy details confirmed, including that the driver is named on the policy.

6 Jul 2024
Police and two independent witnesses confirm the claimant was in the vehicle at the time of the impact, and the other driver's account matches the claimant's description of how the crash happened. Scene photos were also obtained and are consistent with the reported sequence.

20 Aug 2024
Inspection of the vehicle shows damage that is mostly in line with the described impact. No earlier damage to the vehicle is known, and nothing in the file suggests the damage predates the start of coverage.

28 Aug 2024
The shoulder injury reported by the claimant is plausible for a collision of this type. The claimant's medical records show no prior injury to the same body area.

5 Sep 2024
Treatment has run somewhat longer than is usual for this injury, and the file is being reviewed against the treatment plan. The claimant has added small details since the first statement, but the core account of the accident has stayed the same.

29 Nov 2024
Baesd on the witness statements, photos, and the other driver's account, the accident is confirmed as described. The shoulder injury claim remains open pending review of the treatment timeline.

Recorded Statement

Claim number:	C-1284
Statement of:	James Obrien
Taken by:	Alison Sweeney
Date:	15 Jun 2024

Q: Thank you for taking the time to speak with me today. This recorded statement concerns the collision you reported in Conroe, Texas. Please state your full name for the record.

A: I'd rather just give you the details, if that's alright. I'm the driver who was hit from behind.

Q: That's fine. Can you walk me through what happened before the impact?

A: I was stopped at a traffic light, waiting for the signal to change. I had been stopped for myabe half a minute when I felt the car get shoved forward hard.

Q: Were you wearing your seatbelt?

A: Yes, I was. The belt locked up and pulled me back, and my right shoulder took most of it.

Q: Did you notice the other vehicle before the collision?

A: No. I was looking ahead at the light. I only saw it in my mirror after it hit me, and by then there wasn't time to do anything.

Q: Did you get out of your vehicle at the scene?

A: I did, but I felt stiff and sore, so I sat down on the curb until the officer arrived. My neck was tight, but the shoulder pain was the worst.

Q: Have you sought medical treatment since the collision?

A: Yes. I went to an urgent care clinic the same evening and was referred to an orthopedic doctor. They told me I might have a soft tissue injury to the shoulder and I'm scheduled for imaging.

Q: Are you currently missing any work because of the injury?

A: I've been limited. I drive for a living, so I've had to take a few days off while I'm getting the shoulder looked at. I'm keeping records of the missed shifts.

Q: Thank you. Is there anything you would like to add to your statement?

A: Only that I want the medical bills and lost wages documented properly. I'm trying to do the right thing here.

Q: Thank you for your cooperation. This concludes the statement.
