Description of the accident (claimant's words)

I was stopped at a red light on a main road in Conroe, Texas, waiting with my foot on the brake, when the car behind me hit my rear bumper hard enough to jolt me forward against my seatbelt. I am the policyholder listed on this policy, and I was driving my own vehicle at the time. Right after the impact I felt a sharp pain in my right shoulder that has continued since. When the other driver and I spoke at the roadside, I told the same account I am giving here. Since then I have remembered a few minor details, such as the exact position of the traffic signal and how long I sat before the impact, but the core sequence of events has not changed. I am providing this statement so the claim can be reviewed, and I am willing to supply medical records and photographs of the damage.
