Claim Notes

Claim number:	C-1285
Claimant:	Matthew Gregory
Adjuster:	Chelsea Hebert

2023-12-07
First notice of loss was received for a low-speed head-on collision in which the insured's vehicle struck another car at the front end. The claimant is represented by counsel, and all further contact is being routed through the attorney's office.

2024-01-19
Reviewed the policy and confirmed the driver involved is listed as a named insured driver with coverage in force at the time of the loss. No issues with the policy were found.

2024-02-23
Police report and statements from the claimant confirm the claimant was seated in the vehicle when the collision occurred. The claimant has given the same account of events in every conversation so far.

2024-02-26
Inspection of the vehicle shows damage that is mostly consistent with the described impact. No prior damage to the vehicle is known, and nothing in the file suggests the damage predates the start of coverage.

2024-02-29
No independent evidence of the accident has come in yet. There are no witnesses, no photographs from the scene, and no ohter reports beyond the police record of the vehicles involved.

2024-03-19
Medical records show a knee injury that fits the type and force of the collision. Treatment followed a typical course and tapered off as the claimant improved.

2024-04-04
Records also show the claimant was treated for the same body area within the last two years. That earlier condition appears to add to the current complaints and will be factored into the evaluation.

2024-04-19
Counsel has been asked for the full treatment history and any prior records related to the knee. Requested documents are pending and the file remains open for review.

2024-05-31
Preliminary assessment completed: the injury is consistent with the collision, but the prior knee condition and the lack of independent corroboration of the accident itself will need to be weighed before any settlement position is set.

Recorded Statement

Claim number:	C-1285
Statement of:	Matthew Gregory
Taken by:	Chelsea Hebert
Date:	2023-12-03

Q: Thanks for taking the time to speak with me today. This recorded statement concerns the collision you reported in Katy, Texas. Can you state your full name for the record?

A: Sure. I'd rather not put my full name on this, if that's okay. Just call me the driver of the blue sedan.

Q: That works for the file. Can you walk me through what happened?

A: I was heaidng down the two-lane road, going maybe twenty-five miles an hour. A pickup came over into my lane while it was passing a slow truck. I hit the brakes and steered right, but we still clipped front to front. It wasn't a hard hit, but it was enough to jerk me forward.

Q: Were you wearing your seatbelt?

A: Yes, and the airbag didn't deploy, which I was glad about.

Q: Did you hit anything with your body inside the car?

A: My right knee slammed into the dashboard below the glovebox. It hurt right away and it's been swollen since. I got out and could walk, but it was stiff and I felt pain when I put weight on it.

Q: Did you seek medical attention?

A: Yes, I went to urgent care that same afternoon. They took X-rays and told me nothing was broken, but I have a follow-up with an orthopedic doctor next week because the knee still locks up sometimes.

Q: Did you have any problems with that knee before this collision?

A: No. I'd been running regularly and had no knee trouble at all.

Q: Is there anything else you want to add?

A: Only that the other driver admitted at the scene that they didn't see me coming. I'd like the claim handled so I can get my knee treated without a lot of delay.

Q: Thank you. I'll note that and follow up with you about the medical records.
