Description of the accident (claimant's words)

I was driving slowly through a parking area in Katy, Texas, when the other vehicle came straight toward me and we collided head-on. Neither of us was moving fast, but the impact was enough to jolt me forward and against the steering wheel. My left knee struck the dashboard, and I felt sharp pain almost immediately. I have described the events the same way each time I have spoken about them, whether to the other driver, the responding officer, or the adjuster. I am the named driver on this policy and I was operating my own vehicle at the time. I have kept copies of my medical visits and will provide them on request. I am asking that this claim be reviewed so my knee treatment and vehicle repairs can be addressed.
