## Claim Notes

| | |
|---|---|
| **Claim number:** | C-1286 |
| **Claimant:** | Christine Kelley |
| **Adjuster:** | Chelsea Hebert |

4-14-24
The insured reported a low-speed collision in a parking lot involving the claimant's vehicle, and the claimant is represented by counsel, so all further contact will go through the attorney's office.

6-18-24
Confirmed that the driver involved is named on the policy and that the policy was active at the time of loss. Nothing in the file suggests the vehicle damage predates the coverage start.

7-4-24
Reviewed the photographs submitted with the claim. They confirm several details of the scene and the vehicle, though no independent witnesses have come forward to describe the impact.

7-17-24
Police records and the statements gathered at the scene confirm the claimant was present in the vehicle at the time of the collision.

8-30-24
The vehicle damage is consistent with the impact described by both parties. No prior damage to the vehicle is known from our records or the repair history provided.

9-18-24
The claimant has reported a wrist fracture. The injury fits the type and force of the collision, and no earlier injury to the same area is known from medical history or prior claims.

10-9-24
Received the claimant's account through counsel. The account has remained the same in every conversation so far, with no changes in the sequence of events.

11-12-24
Medical records show treatment followed a typical course for this kind of fracture, with care tapering as the claimant's condition improved. Requested updated records from the treating provider.

11-29-24
File remains open pending the outstanding medical records and the attorney's demand package. Reserves will be reviewed once those documents are received.

## Recorded Statement

| | |
|---|---|
| **Claim number:** | C-1286 |
| **Statement of:** | Christine Kelley |
| **Taken by:** | Chelsea Hebert |
| **Date:** | 4-5-24 |

Q: Thank you for taking the time to give this recorded statement. Please state your full name for the record.

A: I'd rather just keep it to the accident, if that's alright.

Q: That's fine, we'll keep identifying details to a minimum. Can you describe where the collision happened?

A: It was in a parking lot at a shopping center in Pasadena, Texas. I was pulling out of a space near the front entrance.

Q: What were you doing right before the impact?

A: I had checked my mirror, saw nothing coming, and started backing out slowly. I was maybe going five miles an hour.

Q: What happened next?

A: A vehilce came down the lane between the rows and hit the rear passenger side of my car. I didn't see it coming because a delivery van was parked on that side and blocked the view.

Q: Did you have any contact with the other driver before or after the collision?

A: Just a brief exchange. They said they were in a hurry and didn't see me. We exchanged insurance information and that was it.

Q: Did you feel any injury at the time?

A: My right wrist hurt right away, but I thought it was just a jolt. I hit the steering wheel and then the door frame. By the evening it was swollen and I could barely grip anything.

Q: Have you been seen by a doctor?

A: Yes, I went to urgent care the next day and they took X-rays. The doctor told me the wrist was fractured and I'd need a splint and a follow-up with a specialist.

Q: Were you able to drive your vehicle afterward?

A: It was driveable, but the back panel was crushed and the rear tire was rubbing. I had it towed to a repair shop.

Q: Is there anything else you think I should know about the accident?

A: Only that I've never had an accident like this before, and I'm worried abuot how long my recovery will take and whether I'll lose work time.

Q: Thank you. That concludes the statement.

A: Okay, thanks.
