Description of the accident (claimant's words)

I was backing out of a space in the parking lot in Pasadena, Texas, moving slowly with my headlights on, when the front corner of another vehicle struck the rear passenger side of my car. I stopped immediately, got out, and exchanged information with the other driver before anyone left the area. When the officer arrived, I gave the same description of how the collision happened that I had given to the other driver and later to the adjuster, and I have not changed any detail since. I am the named driver on this policy and was the only person behind the wheel. My left wrist hit the door frame on impact. Urgent care confirmed a fracture and placed it in a splint, and I have attached the medical report and photographs of the damage.
