Claim Notes

Claim number:	C-1291
Claimant:	Jeff Taylor
Adjuster:	Jerry Hanson

01/06/2025
First notice of loss received for a low-speed head-on collision in which the insured vehicle was struck by another vehicle. The claimant reports neck pain and has retained counsel, so all contact will go through the attorney's office.

01/30/2025
Police report obtained. The reporting officer confirms the claimant was present in the vehicle at the scene and that the vehicles came to rest in the positions described.

02/07/2025
Photographs of the damage received from the insured. The front-end damage on the vehicle is consistent with the reported impact and the reported speed.

02/11/2025
Confirmed the driver is listed on the policy and that coverage was active on the loss date. Nothing in the file points to damage existing before the policy period began.

02/21/2025
Vehicle history checked. No prior damage claims or repair records are on file for this vehicle.

02/23/2025
Attorney letter received with medical authorization. Claimant's initial treatment began within a day of the collision and followed a typical course of evaluation, imaging, and physical therapy.

04/15/2025
Prior records requested. The claimant had a minor strain in the same area of the neck several years ago, which resolved fully with treatment. The reported injury pattern fits the force of this collision.

05/07/2025
Recorded statement from the claimant obtained through counsel. The claimant added a few small details about the momnets after impact, but the core acocunt matches the original report.

05/19/2025
No independent witnesses have come forward. The photographs confirm several details of the scene but do not show the collision itself.

06/19/2025
Treatment notes reviewed. Therapy visits tapered off as the claimant's symptoms improved, and the treating provider's notes describe steady recovery.

07/31/2025
File reviewed for handling. Liability and injury evaluation are proceeding on the current documentation, with a settlement discussion to follow once the final treatment summary is received.

Recorded Statement

Claim number:	C-1291
Statement of:	Jeff Taylor
Taken by:	Jerry Hanson
Date:	12/22/2024

Q: Thank you for taking the time to give this recorded statement. Please state whether you consent to having this call recorded.

A: Yes, I consent.

Q: Can you describe where you were and what you were doing when the collision happened?

A: I was driving home from the grocery store in Conroe, Texas. It was early afternoon and I was in the right lane on a two-lane road heading toward my neighborhood.

Q: Walk me through what happened right before impact.

A: A car came over into my lane from the opposite direction. I tried to steer right, but it was too late. The front ends met, though not very hard. It felt more like a jolt than a crash.

Q: What was your speed at the time?

A: I'd guess around twenty-five miles an hour. Traffic was light and I wasn't in a hurry.

Q: Were the airbags deployed, and did you need to be taken from the scene?

A: No airbags went off. I got out on my own and sat on the curb while we waited for the officer. An ambulance came, but I declined a ride.

Q: When did you first notice pain or stiffness?

A: Within about an hour I had a stiff neck and a headache. By the next morning my neck was tight and turning my head to the left hurt quite a bit. My upper back has been sore too.

Q: Have you seen a doctor or other medical provider since the collision?

A: Yes, I went to urgent care that evening and I've been seeing a physical therapist twice a week since then.

Q: Is there anything else you'd like to add to your statement?

A: Only that I'm still having trouble sleeping because of the neck pain, and I'd like to be kept informed about the next steps.

Q: Thank you. This concludes the statement.
