Claim Notes

Claim number:	C-1292
Claimant:	Brad Flores
Adjuster:	Alison Sweeney

2024-09-17
First notice of loss received by phone from the claimant, who reports a low-speed collision while backing out of a space in a parking lot. The claimant sattes they have no attorney and prefers to handle the claim directly.

2024-11-10
Confirmed the driver is named on the policy and that coverage was active at the time of the reported incident. Nothing in the policy history suggests any change in coverage before the loss.

2024-11-24
Reviewed the photos submitted by the claimant. They confirm the general location of the impact and the position of the vehicles, though they do not show the moment of contact.

2024-11-30
Obtained the responding officer's report, which confirms the claimant was present in the vehicle at the scene. No independent witnesses were identified on the report or during follow-up calls.

2024-12-03
Inspected the vehicle. The damage pattern and location are consistent with the impact described by the claimant, and the estimate was prepared on that basis.

2025-01-14
Checked prior claim and damage records for the vehicle. No earlier damage has been recorded, and the claimant has not mentioned any previous incidents.

2025-01-18
Spoke with the claimant about the injury. They report a wrist fracture from bracing against the steering wheel. The injury description is in line with the kind of force expected from this type of collision.

2025-01-29
Requested medical records. The treating provider documented a wrist fracture and a course of care typical for that injury. No prior inujry to the same wrist or arm appears in the records received so far.

2025-02-22
Reviewed the treatment timeline. Visits were frequent early on and became less frequent as the claimant's condition improved, which matches the usual recovery pattern for this injury.

2025-03-11
Took a recorded follow-up call with the claimant. The account of how the collision happened matched the account given at first notice, including the sequence of events and the location in the lot.

2025-04-20
Compared the claimant's statements across all contacts to date, including the phone call, the written statement, and the follow-up call. The account has remained consistent throughout.

2025-05-03
Reviewed the file as a whole. The injury, vehicle damage, and driver information all line up with the reported incident, and the claim is proceeding to settlement review pending final medical bills.

Recorded Statement

Claim number:	C-1292
Statement of:	Brad Flores
Taken by:	Alison Sweeney
Date:	2024-09-11

Q: Thank you for taking the time to give this recorded statement. Please state your full name for the record.

A: I'd rather not give my full name on a recording, but you can note that I'm the driver of the vehicle involved.

Q: That's fine. Can you describe where the collision happened?

A: It was in a pakring lot in League City, Texas, near the entrance to a shopping center. I was pulling into a space near the front row.

Q: What were you doing right before the impact?

A: I had just turned into the lane and was going slowly, maybe five or ten miles an hour. I was looking for an open spot.

Q: Did you see the other vehicle before it hit you?

A: Not clearly. I noticed a car backing out of a space on my right, but I thought it had stopped. Then it rolled back into my front quarter panel.

Q: Were there any witnesses?

A: A woman in the next row came over afterward. I don't know her name, but she said she saw the other car backing up without looking.

Q: How did you feel after the collision?

A: My right wrist hurt right away. I tried to brace the steering wheel and I think that's when I hit it. I was shaken up but able to get out of the car.

Q: Did you seek medical attention?

A: Yes. I went to an urgent care clinic that afternoon. They took X-rays and told me the wrist was fractured. I've been wearing a splint since.

Q: Have you had any other injuires or prior problems with that wrist?

A: No, I hadn't had any trouble with it before this. It was a healthy wrist.

Q: Is there anything else you think I should know?

A: Only that I'm still having trouble gripping things and I have a follow-up appointment with a specialist coming up.

Q: Thank you. That concludes the statement.

A: Thank you.
