Description of the accident (claimant's words)

I was backing out of a parking space at a shopping center in League City, Texas, when the other vehicle came around the end of the row and struck the rear passenger side of my car. I had checked my mirrors and saw no one before I started to move, so the impact came as a complete surprise. My airbag did not deploy, but I was thrown against the door and felt a sharp pain in my left wrist right away. I was taken to a loacl clinic, where an X-ray showed a fracture, and I have been wearing a splint since. I have described the events the same way to the officer at the scene, to the medical staff, and to my insurer, and I have nothing to add or change. I am the named driver on this policy and I am submitting this claim for the damage to my vehicle and my medical costs.
