Claim Notes

Claim number:	C-1294
Claimant:	Stephanie Hernandez
Adjuster:	Darin Tyler

24 Jul 2023
Claim opened after the insured reported a rear-end collision at a stop light, with the claimant's vehicle being struck from behind. The claimant reports a back strain and is not represented by an attorney.

18 Aug 2023
Confirmed that the driver of the claimant's vehicle is named on the policy and that coverage was in force at the time of loss. Nothing in the file suggests the damage predates the policy start.

1 Oct 2023
Spoke with the claimant by phone to take a recorded statement. The account of the impact was consistent with the initial report, and the claimant described the same sequence of events.

22 Oct 2023
Reviewed the vehicle damage estimate. The damage is mostly in line with the described impact, and no earlier damage to the vehicle is known from prior claims or inspection notes.

17 Nov 2023
Searched for witnesses, photographs and any other police or third-party report of the collision. None were located, so the accident currently rests on the parties' accounts alone.

5 Dec 2023
Claimant said they were unsure of their exact seating position at impact and could not say with certainty where in the vehicle they were sitting. Noted for follow-up with the medical file.

20 Dec 2023
Medical records indicate a back strain, which is a plausible injury for a crash of this type. The claimant disclosed a small strain in the same area several years ago that healed fully, and the prior history has been noted.

21 Dec 2023
Treatment followed a usual course, with visits tapering as the claimant's condition improved. The claimant repeated the same account of the accident in each conversation with this office.

23 Jan 2024
Reviewed the file as a whole. The injury and damage fit the reported impact, but independent confirmation of the accident is still lacking and the seating position remains unclear. File remains open pending further review.

Q: Thanks for taking the time to speak with me today. This call is being recorded for claim documentation. Can you confirm you're comfortable continuing?

A: Yes, that's fine.

Q: Please describe where you were and what you were doing when the collision happened.

A: I was stopped at a red light on a main road in Katy, Texas, in the right lane. Traffic was moving normally bfeore that.

Q: What happened next?

A: The car behind me didn't stop in time. I felt a hard jolt from behind, and my head snapped forward and then back against the seat.

Q: Were you able to get out of your vehicle right away?

A: Yes, I got out and checked the car. The rear bumper was pushed in and the trunk wouldn't close properly.

Q: Did the other driver say anything at the scene?

A: He said he was looking at his phone and didn't see the light change back to green. He seemed apologetic.

Q: How are you feeling physically now?

A: My lower back is sore and stiff, especially when I sit for a long time or get out of bed in the morning. I've been taking over-the-counter pain relievers and using a heating pad.

Q: Have you seen a medical provider about it?

A: Yes, I went to an urgent care clinic the same day. They diagnosed a back strain and gave me instructions for stretching and rest. I'm scheduled for a follow-up next week.

Q: Is there anything else you'd like to add?

A: Just that I'm trying to keep up with work, but I've had to take a few shifts off because of the pain. I'd like to know what the next steps are for my repair and medical claims.

Q: Thank you. I'll follow up with you by mail with those details. Have a good day.

A: Thanks, you too.
