Description of the accident (claimant's words)

I was stopped at a red light on a main road in Katy, Texas, when the car behind me hit my rear bumper. I had my foot on the brake and my head was resting against the headrest, so the impact pushed me forward and then snapped me back. I got out and spoke with the other driver, and I have described the events the same way every time I have discussed them since, with the officer, the adjuster, and my own doctor. I am the named driver on this policy and I was the person operating my vehicle at the time. Afterward I felt a sharp pain in my loewr back that has been diagnosed as a back strain. I am still following my treatment plan and will provide any further records requested.
