Claim Notes

Claim number:	C-1295
Claimant:	Dylan Thomas
Adjuster:	Jerry Hanson

06/28/2023
Claim received by phone from the policyholder reporting a low-speed head-on collision at an intersection. The claimant has retained counsel, and all further contact is being routed through the attorney's office.

07/06/2023
Reviewed the policy declarations and confirmed the driver involved is listed as a named driver on the policy in force at the time of loss.

07/12/2023
Obtained the police report, which places the claimant inside the vehicle at the scene and records the same general sequence of events the claimant described when reporting the loss.

08/13/2023
Collected statements from two independent witnesses, both of whom describe the impact as the claimant has described it, and both confirm the claimant was seated in the driver's position.

09/11/2023
Received photographs from the scene and from the body shop. The damage to the front end of the claimant's vehicle lines up with the direction and force of the reported impact.

10/29/2023
Spoke with the other driver, whose account matches the claimant's on the sequence of events and the point of contact between the two vehicles.

11/04/2023
Ran a prior-damage review on the vehicle using the inspection history and photos on file. No earlier damage to the affected areas is recorded, and ntohing suggests the damage predates the coverage start date.

11/18/2023
Claimant's counsel submitted a medical summary reporting neck and back strain from the collision. The injury description is consistent with the mechanism and force of a head-on impact of this type.

11/22/2023
Requested prior medical records. No earlier injury to the neck or back has been identified in the records returned so far.

12/03/2023
Reviewed the treatment timeline. Care has continued somewhat longer than is typical for this kind of strain, and the treating provider's notes explain the reasons for the extended course. Requested the clinical notes for further review.

01/20/2024
The claimant provided a follow-up statement that added a few minor details, such as the position of a nearby sign and the timing of a brake application. The core account of the collision has remained the same across all statements.

01/30/2024
Summarized the file for supervisor review. Liability, vehicle damage, driver status, and injury consistency are all supported by the available evidence. The open item is the extended treatment duration, which remains under review pending the clinical notes.

Recorded Statement

Claim number:	C-1295
Statement of:	Dylan Thomas
Taken by:	Jerry Hanson
Date:	06/19/2023

Q: Thank you for taikng the time to give this recorded statement. Please state your full name for the record.

A: I'd rather just keep it to the accident details, if that's okay.

Q: That's fine. Can you describe where you were when the collision happened?

A: I was driving through Pearland on a weekday afternoon, heading south on a two-lane road with a center turn lane. Traffic was light.

Q: What was the speed limit and about how fast were you going?

A: The limit was thirty-five. I'd say I was doing maybe twenty-five, because there was a lot of construction signage.

Q: Tell me what happened next.

A: The other car came over into my lane, I think it was trying to pass a truck in the turn lane. I braked and turned slightly, but we still hit nose to nose. It was a low-speed impact, but I heard the airbags and felt a jolt.

Q: Did either vehicle leave the roadway?

A: No, we both stayed on the pavement. We pulled onto the shoulder after.

Q: Did you get out of the vehicle at the scene?

A: Yes, I walked around for a minute. My neck was already stiff and my lower back started aching within an hour or so.

Q: Have you sought medical care since the accident?

A: I went to an urgent care clinic the same day. They diagnosed a neck and back strain and told me to rest and take anti-inflammatories.

Q: Are you still experiencing symptoms?

A: Yes, my neck is sore when I turn my head quickly, and sitting for long periods bothers my lower back. I'm doing some physical therapy exercises at home.

Q: Is there anything else you would like to add about the accident?

A: Just that I was driving carefully and I didn't do anything to cause it. I'd like the claim handled as quickly as possible, since I'm missing some work.

Q: Thank you. This concludes the recorded statement.

A: Okay, thank you.
