Vehicle	Seat	Name
Vehicle 1 (insured)	Driver	Derrick Mccoy
Vehicle 1 (insured)	Passenger 1	Dustin Weaver
Vehicle 1 (insured)	Passenger 2	Natasha Mercer
Vehicle 2	Driver	Jessica Gregory

Officer's narrative

Responding to a report of a two-vehicle collision in Conroe, Texas, I found Driver 1 and Driver 2 at the scene. The collision occurred when Driver 2 changed lanes and the side of their vehicle contacted the side of Driver 1's vehicle. Damage to both vehicles is consistent with that sideswipe, and I observed no older damage on either one. Photographs taken at the scene show the damage locations and the final rest positions of the vehicles. No independent witnesses came forward. Driver 1 stated that a passenger was riding in the front seat at the time, and both drivers confirmed the passenger's presence, which I also observed on arrival. Driver 1 reported pain in the neck and lower back, and those complaints are consistent with the forces expected in this type of impact. Driver 1 provided documentation identifying them as the named policyohlder on the vehicle involved. Both drivers were cooperative, and the scene was cleared after the vehicles were moved to the shoulder.
