Claim Notes

Claim number:	C-1299
Claimant:	Kristopher Russell
Adjuster:	Alison Sweeney

1-3-24

Claim received for a rear-end collision involving the insured vehicle and a claimant who is represented by counsel. Initial contact made with counsel's office to confirm representation and request the claimant's preliminary account of the accident.

2-12-24

Reviewed the police report and statements from two independent witnesses, both of which confirm the accident occurred as described and place the claimant inside the vehicle at the time. The other driver's account matches in all material respects. The driver involved is named on the policy.

4-1-24

Photographs from the scene and the repair estimate were reviewed. The vehicle damage is consistent with the described impact, and no prior damage to the vehicle is known from the records available. Nothing in the file suggests the damage predates the policy's coverage period.

5-25-24

Counsel forwarded the claimant's medical records reporting a neck strain. The injury is a good match for the kind and force of a collision of this type. No prior injury to the same body area is known from the claimant's history or the records obtained so far.

5-30-24

The claimant's recorded statement was taken with conusel present. A few additional details were added compared with the first account, but the core sequence of events remained the same. Treatment followed a typical course and tapered off as the claimant's symptoms improved.

6-12-24

Reviewed the full treatment file and the updated statements. Findings are consistent across sources, and the claim is progressing to evaluation on the documented facts. Next step is to confirm the final medical bills with counsel.

Recorded Statement

Claim number:	C-1299
Statement of:	Kristopher Russell
Taken by:	Alison Sweeney
Date:	11-19-23

Q: Thank you for taking the time to give this recorded statement. Please state your full name for the record.

A: I'd rather just keep it to my situation, if that's alright.

Q: That's fine. Can you tell me where you were when the collision happened?

A: I was driving on a main road in League City, heading toward the shopping center. Traffic had slowed down ahead of me, so I was already stopped at a light.

Q: What happened next?

A: The car behind me didn't stop in time. I felt a hard jolt from behind and my head snapped back and then forward.

Q: Did you have your seatbelt on?

A: Yes, I always do.

Q: Did the airbags deploy?

A: No, they didn't. My car was still drivable, but the rear bumper was pushed in.

Q: Did you get out and speak with the other driver?

A: We exchanged information. He seemed shaken up and said he looked down at his phone for a second.

Q: Did you seek medical attention afterward?

A: I went to an urgent care clinic that same afternoon. They checked my neck and said I had a strain. They gave me a neck brace and some anti-inflammatory medication.

Q: Are you still experiencing symptoms?

A: Yes, my neck is stiff, especially when I turn to check my blind spot. I also get a dull headache by the end of the day.

Q: Have you missed any work because of the injury?

A: I've been working from home when I can, but I did take two half days off to attend appointments.

Q: Is there anything else you'd like to add?

A: Just that I'm following the physical therapy plan my doctor gave me, and I want to get back to normal as soon as possible.

Q: Thank you. That concludes the statement.
