Description of the accident (claimant's words)

I was stopped at a red light on a main road in League City, Texas, with my foot on the brake, when the car behind me hit my rear bumper. The impact was hard enough to jolt my head forward and back. I got out and spoke with the other driver, and we both agreed to exchange details and wait for the police to arrive. Since the collision, I have had stiffness and soreness in my neck, and I have been seeing a doctor about it. When I have gone over what happened with the adjuster and with my doctor, I have added a few small details, such as how long I sat at the light, but the core account has not changed at all. I am the named driver on this policy and I am submitting this statement in good faith.
