Claim Notes

Claim number:	C-1300
Claimant:	Jason Walls
Adjuster:	Alison Sweeney

March 15, 2023
Claimant reported a sideswipe while changing lanes and said the other vehicle drifted into the adjacent lane as they moved over. The claimant reports a wrist fracture from the event and is not represented by an attorney.

March 19, 2023
Reviewed the initial statement from the claimant, which described the lane change and contact on the driver's side. The account has stayed consistent across each conversation so far.

April 6, 2023
Spoke with the other driver, who confirmed the vehicles made contact during the merge and described the same sequence of movements. Their account lines up with what the claimant has said.

April 29, 2023
Police report notes that the claimant was in the vehicle at the scene, and two witnesses gave statements that match the described impact. Photos from the scene were added to the file.

May 17, 2023
Inspected the vehicle and the damage pattern on the driver's side fits the impact described by all parties. No earlier damage to the vehicle is known from prior records or the claimant's disclosures.

June 28, 2023
Confirmed the policy coverage start date and found nothing indicating the damage predates it. The driver of the vehicle lives with the policyholder and is listed as a household member under the policy.

July 19, 2023
Obtained initial medical records showing a wrist fracture. Whether this injury stems from the collision has not yet been determined, and additional records are needed before a causation view can be formed.

July 31, 2023
Claimant's provider notes no prior injury to the same wrist or arm, and the claimant has not mentioned any earlier problems with that area during any contact.

August 21, 2023
Treatment has continued somewhat longer than is typical for this type of fracture. Requested updated treatment notes and follow-up imaging to understand the recovery timeline.

September 6, 2023
Spoke with the claimant again by phone. The claimant repeated the same account of the lane change and the contact, with no changes in sequence or detail from earlier conversations.

September 18, 2023
Reviewed the photos and witness statements together and they support the reported impact and the vehicle damage. Nothing in the file currently points to a different sequence of events.

September 28, 2023
Open items remain the medical causation review and the updated treatment records. Will follow up with the treating provider and reassess once those documents are received.

Recorded Statement

Claim number:	C-1300
Statement of:	Jason Walls
Taken by:	Alison Sweeney
Date:	February 16, 2023

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather not give my full name on the recording, but you can note that I'm the driver of the vehicle involved.

Q: That's fine. Can you describe where the accident happened?

A: It was on a multi-lane road in Baytown, Texas, near a shopping center. I was in the right lane heading toward the interchange.

Q: What were you doing right before the collision?

A: I was changing lanes to the left beacuse I needed to get over for my exit. I checked my mirror and saw nothing close, so I signaled and started movnig over.

Q: Did you see the other vehicle at any point?

A: Not until it was almost beside me. Then I heard a loud scrape and felt my car pull toward the right. The other car had come up in the lane I was moving into.

Q: Did you apply your brakes or swerve?

A: I braked a little and steered back the otehr way, but the contact had already happened. My car spun slightly and ended up against the curb.

Q: Were you injured?

A: Yes. I put my left arm out on the steering wheel and landed hard on my wrist when the airbag deployed. I was taken to the hospital by ambulance.

Q: What was the diagnosis?

A: The doctors said I fractured my wrist. I've been told I'll need a cast and possibly follow-up care with a hand specialist.

Q: Is there anything else you'd like to add?

A: Only that I was driving carefully and I'm willing to provide photos of my vehicle and my medical records to help with the claim.

Q: Thank you. This concludes the statement.

A: Thank you.
