Description of the accident (claimant's words)

I was driving in the right-hand lane on a multi-lane road in Baytown, Texas, when I moved left to change lanes. As I started over, a vehicle in the left lane came up beside me and its side made contact with mine, pushing my car toward the median before I could correct. I pulled onto the shoulder, got out, and saw scraped paint along my door and the other car's rear fender. My left wrist hit the steering wehel and was swollen within the hour; a later exam shwoed a fracture. I have described the collision the same way to the officer at the scene, to the adjuster, and to the doctor. I live in the same household as the policyholder and am listed as a covered member of that household on this policy.
