Claim Notes

Claim number:	C-1307
Claimant:	Chelsea Terry
Adjuster:	Jerry Hanson

3-29-24
Claim reported by the policyholder after a sideswipe on the highway during a lane change. The claimant, a passenger in the other vehicle, reports neck pain and has no lawyer representing them.

4-20-24
Reviewed the police report and the photos from the scene. The damage to both vehicles is mostly in line with the impact described, and the police confirm the claimant was seated in the vehicle at the time.

4-21-24
Spoke with the other driver, who gave the same account of the lane change and the contact between the vehicles. Witness statements match this version of events.

6-5-24
Claimant was asked about prior injuries to the neck and upper back and reported none. No earlier injury to that body area is known from available records.

7-31-24
Claimant repeated the same account of the collision in each conversation so far. The reported neck strain is plausible for a sideswipe of this type.

9-3-24
Vehicle inspection completed. No earlier damage to the claimant's vehicle is known, and nothing suggests the damage predates the start of coverage.

9-9-24
Confirmed the driver of the policyholder's vehicle lives with the policyholder and is covered as a household member under the policy.

10-7-24
Treatment for the neck strain followed a usual course and has tapered off as the claimant improved. Claim remains open pending final medical update.

Recorded Statement

Claim number:	C-1307
Statement of:	Chelsea Terry
Taken by:	Jerry Hanson
Date:	2-23-24

Q: Tahnk you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather not give my full name on the recording, but you have my claim file, so you can use that.

Q: That's fine. Can you describe where the collision happened?

A: It was on a multi-lane road in Pearland, Texas. I was in the left lane and wanted to move over to the right lane because my exit was coming up.

Q: What did you do before you changed lanes?

A: I checked my mirror and glanced over my shoulder. The right lane looked clear to me at that moment.

Q: Then what happened?

A: As I started to move over, the other vehicle came up alongside me and we sideswiped each other. I heard a loud scrape and felt my car pull toward the right.

Q: Did you stop after the contact?

A: Yes, I pulled onto the shoulder as soon as I could and turned on my hazard lights.

Q: How fast were you traveling?

A: I'd say I was going around the posted speed limit, maybe a little under it because traffic was slowing.

Q: Did you notice any injuries at the scene?

A: Not right away. Over the next day my neck started to ache and it's stiff when I turn my head. I was diagnosed with a neck strain and I'm still doing physical therapy.

Q: Did you seek medical care that same day?

A: I went to urgent care the following morning because the pain got worse overnight.

Q: Is there anything else you want to add to your account?

A: Only that I'm willing to cooperate fully and I'll send any records you need.

Q: Thank you. This concludes the statement.
