Description of the accident (claimant's words)

I was merging left on a multi-lane road in Pearland, Texas, checking my mirror and signaling first, when a silver sedan moved into the lane beside me and clipped the rear quarter panel of my car. Both vehicles pulled onto the shoulder, and I stayed in the driver's seat until the other driver and I had exchanged details. I have described the same sequence of events to the officer at the scene, to the adjuster on the phone, and in every follow-up conversation since, and I have not changed any part of it. The impact was not severe, but I felt a sharp pain in my neck within an hour and was diagnosed with a neck strain. I am the household member of the policyholder, who lives at the same address, and I was driving with permission. I am submitting this statement so the claim can be reviewed.
